Introduction

This, the fourth version of the Terms of Reference for the Coalition of Aboriginal and Torres Strait Islander Peak Organisations (**Coalition of Peaks**), replaces the third version agreed to by the Coalition of Peaks on 25 May 2021.

These Terms of Reference will be made available on the Coalition of Peaks website – www.coalitionofpeaks.org.au

Context

The formation of the Coalition of Peaks is an act of self-determination. The Coalition of Peaks came together to provide legitimate community-controlled representation to change the way Australian governments work with Aboriginal and Torres Strait Islander people and to negotiate and agree with governments a new approach to Closing the Gap. The Coalition of Peaks, as a community-controlled structure, is accountable only to its membership and communities, not governments. The Coalition of Peaks believe that Aboriginal and Torres Strait Islander people should share decision making with governments on policies and programs that impact on us through formal partnerships with all levels of Australian governments.

Partnership Agreement on Closing the Gap

In March 2019, a formal Partnership Agreement on Closing the Gap 2019-2029 (Partnership Agreement) between the Coalition of Peaks and Australian governments, including the Australian Local Government Association, came into effect. The Partnership Agreement is available on the Coalition of Peaks website.

The Partnership Agreement embodies the belief of all signatories, that shared decision making with Aboriginal and Torres Strait Islander representatives in the design, implementation and monitoring of the National Agreement is essential to achieve their shared goal to close the gap in life outcomes between Aboriginal and Torres Strait Islander people and non-Indigenous Australians.

On 16 April 2019, as part of the Partnership Agreement, the Commonwealth Government entered into a new 3-year funding agreement with the Coalition of Peaks to support its participation in shared decision making with governments and for a small Secretariat.

National Agreement on Closing the Gap

In July 2020, the National Agreement on Closing the Gap between the Coalition of Peaks and all Australian Governments took effect. It was negotiated in accordance with the shared decision-making principles elaborated in the Partnership Agreement.

The National Agreement sets out a strategy to close the gap that is strongly based on, and underpinned by, Aboriginal and Torres Strait Islander peoples' priorities. It is built around four new Priority Reforms to transform the way governments work with and for Aboriginal and Torres Strait Islander people, organisations and communities to improve outcomes.

Coalition of Peaks

Governance Structure

The Coalition of Peaks is a representative body comprised of Aboriginal and Torres Strait Islander peak organisations. It is not incorporated and has no governing board or office holders.

Decisions in relation to policy, strategy, and governance of the Coalition of Peaks will be made by the Coalition of Peaks. Further details regarding decision-making of the Coalition of Peaks are provided below.

Our Authority

The Coalition of Peaks' authority is derived from our extensive membership base of Aboriginal and Torres Strait Islander community-controlled organisations with their generations of commitment to advancing the interests of, and delivering services to, Aboriginal and Torres Strait Islander people.

In December 2018, the Council of Australian Governments (COAG, now Australian Governments), recognising the authority of the Coalition of Peaks, agreed to establish a formal partnership with Aboriginal and Torres Strait Islander representatives. In 2019 the formal Partnership Agreement on Closing the Gap, with drafting led by the Coalition of Peaks, was signed by all Governments. The Partnership Agreement established shared governance Closing the Gap between the Coalition of Peaks and Governments.

Principles

All Members of the Coalition of Peaks will exercise their responsibilities having regard to their commitment to the following principles:

- As the collective voice of our Member organisations, we are informed by our Members and regularly engage our membership base to ensure we reflect their views on issues of importance to them.
- Aboriginal people have survived and thrived for at least 65,000 years on this Continent. Everything we do must be focused on maintaining and strengthening our peoples' unique status and cultures.
- Racial discrimination, racism and racial bias are the greatest threats to the successful implementation of the National Agreement and must be confronted and eliminated.
- Aboriginal and Torres Strait Islander peoples are the key agents of change in Closing the Gap and must be granted agency in the development and implementation of policies and programs that impact on their lives; and
- If the objectives of the Partnership Agreement on Closing the Gap are to be achieved, representatives of Aboriginal and Torres Strait Islander peoples must act together on a unified basis to engage with governments and support one another to the maximum extent possible.

Goal/objectives

The goal of the Coalition of Peaks is to bring together the voices, expertise and experiences of the Aboriginal and Torres Strait Islander community-controlled sectors and provide legitimate community-controlled representation to the partnership with Australian governments on Closing the Gap to improve the life outcomes of our people by:

- sharing decisions with governments on policies and programs impacting Aboriginal and Torres Strait Islander people
- protecting and promoting the status Aboriginal and Torres Strait Islander peoples as First Peoples of Australia, with distinct cultures and languages, as part of Closing the Gap
- ensuring the shared decisions with governments are informed by the needs and experiences of Aboriginal and Torres Strait Islander communities, community-controlled organisations and peoples
- driving increased accountability of all governments for the commitments in the National Agreement on Closing the Gap.

The objectives of the Coalition of Peaks are to:

1. Change the way Australian governments work with Aboriginal and Torres Strait Islander people, organisations and communities on Closing the Gap through partnerships based on our right to self-determination, shared decision-making and equal participation.
2. Strengthen and build the Aboriginal and Torres Strait Islander community-controlled sector to provided a greater proportion of the service to our people.
